

Extra Fruits and Veggies?

We know who needs them.

Need For Nutrition

Do you grow more fruits and vegetables than you can use? Would you like to donate your surplus produce to those people in Clark County who are most in need?

There are numerous organizations in Clark County that provide meals to those in need. Often these meals are prepared using canned and processed foods, primarily due to cost, convenience and storage. The individuals who receive these meals often do not have access to fresh produce or other more nutritional foods.

This flyer lists organizations providing services in our community that are able to utilize fresh produce in their programs.

Choose an organization and contact them with more information regarding the produce you have available. Some organizations have volunteers to harvest and/or pick up produce.

Share

The mission of Share is to lead the hungry and homeless to self-sufficiency by providing food, shelter, housing, education and compassion through the strength of our community. For more information visit www.sharevancouver.org.
